Auckland Branch Update

Hi to all of my Auckland customers and all our customers around NZ. It's been a busy first few months and I was glad of the festive break. It looks like the economy will remain quite buoyant being election year, Lets hope that's right! Its great having Matt here in the depot it's working out really well as the shop is always open when I'm out in the Ute.

The Xmas break gave me time at Cooks Beach on the Coromandel Peninsula, a quaint little drinking spot with a fishing problem!! I left Matt in charge while I took the company Ute to the Great Barrier Island for a well-deserved break from all the heavy loads it's carried over the last seven years! (Photo below) The Barrier is a fantastic place with great fishing, diving, beautiful beaches, spectacular mountains and walking tracks. My daughter Lucy who hates fishing and won't go out in the boat with me, decided to go fishing with her uncle, and promptly caught a 17lb Snapper!!! (Photo on the following page) I still don't know whether to be proud of her or jealous!

Hoping we can look after all your Scaffolding needs for the coming year, all the best.

Stuart Metge
Auckland manager.

Funnies

A Russian woman married a Canadian gentleman and they lived happily ever after in Toronto . However, the poor lady was not very proficient in English, but did manage to communicate with her husband.

The real problem arose whenever she had to shop for groceries.

One day, she went to the butcher and wanted to buy chicken legs. She didn't know how to put forward her request, and in desperation, clucked like a chicken and lifted up her skirt to show her thighs. Her butcher got the message, and gave her the chicken legs.

Next day she needed to get chicken breasts, again she didn't know how to say it, and so she clucked like a chicken and unbuttoned her blouse to show the butcher her breasts! The butcher understood again, and gave her some chicken breasts.

On the 3rd day, the poor lady needed to buy sausages. Unable to find a way to communicate this, she brought her husband to the store...

What were you thinking? Hellooooooo, her husband speaks English!

Fav Car – Falcon XR8

Fav Drink – Jack Daniels

Fav Place – Down the River

Fav Country – Gods Own (NZ)

Fav Team – Anybody wearing Black + Red (Crusaders)

Fav Food - Seafood

Fav Radio Station – Radio Hauraki

Ambition in Life – To stay above ground as long as possible.

Your safety is our primary concern so please read the following tips when using your scaffolding:

- Remember to **BE AWARE** a fall from any height can cause serious injury.
- Avoid using the scaffold in adverse **WEATHER** conditions as the tube and decking will become slippery if wet or icy.
- **LIFT ONLY TO YOUR CAPABILITY**
- Ensure your scaffold is **SECURED** properly before use.
- Watch when erecting scaffolding for **OVERHEAD** hazards (Phone Lines and Power Lines, falling materials etc.)
- Always use properly **SECURED AND FITTED** ladders and/or stairs to access all scaffolding
- Always **VISUALLY CHECK** the scaffold is free from damage before and during use.
- If unsure **SEEK ADVICE** from a certified scaffolder or DoL (Department of Labour).

For more information refer to

- Health and Safety Act 1995.
- Approved Code of Practise for the Safe Erection and Use of Scaffolding (OSH: 1995)
- Best Practice Guidelines for Scaffolding in New Zealand. Published by Scaffolding and Rigging New Zealand Incorporated 2002. Revised 2003.

ISO Update

New Zealand Scaffolding Ltd achieved accreditation to ISO9001: 2000 IN 2006.
Over the past 18 months, we have strived for improvement in our systems and quality in our products.

In November 2007, with the effort made by the entire company's staff, we have passed our second external audit, which is a great achievement.

Thanks to all the staff for their efforts!!

Vincent
Quality Manager
